

POWER EQUIPMENT

## Inventory Unit Detail

Honda Power Equipment EU7000IAG

\$4,599.00

Honda Power Equipment EU7000IAG

New/Used	New
Availability	In Stock
Location	New England Power Equipment
Title	Clean
Condition	Excellent
Manufacturer	Honda Power Equipment
Model	EU7000IAG

## Overview

## Description

- Key Features
- 7000 watts, 120/240V
  - Perfect for home back up power, RVs, outdoor events, and more
  - Super quiet
  - Fuel efficient - runs up to 18 hours on 5.1 gal of fuel
  - Convenient electric start
  - Fuel injected - better fuel efficiency and lower maintenance
  - Inverter - stable power for computers and more

- Features
- Perfect for home back up power, RVs, outdoor events, and more: The EU7000iS can operate a wide variety of appliances, making it perfect for portable use at home, camping, or much more. Take a look at the applications tab for more examples.
  - Electronic Fuel Injection offers better fuel efficiency and lower maintenance: Smart electronic fuel injection technology increases fuel efficiency, eliminates the engine choke, and reduces fuel associated carburetor problems. And of course, the reliable Honda GX390 engine is designed for long life and superior performance.
  - Super quiet - less noise than normal conversation: So quiet, your neighbors will thank you. The EU7000iS operates at 52 to 58 dB(A), which is less noise than a normal conversation. This makes it ideal for supplemental RV power, powering outdoor events, and any other activity that requires quiet operation.
  - Fuel efficient - runs up to 18 hours on 5.1 gal. of fuel: Thanks to our exclusive Eco-Throttle System, the EU7000iS offers great fuel efficiency. Runs between 6 to 18 hours on a single tank, depending on the load. This makes it great for overnight power.
  - Advanced inverter technology - reliable power for computers and other sensitive equipment: Honda's inverter technology means stable, clean power in a smaller, lighter

package. The precision of Honda's inverter technology ensures our inverter generators produce power that is as reliable as the power you get from your outlets at home.

Easy folding handles: The EU7000iS has convenient handles that can be raised for transport and lowered for more compact storage.

Monitor system tracks hours, RPM, battery volts, and wattage: i-Monitor™ provides information on hours of operation, wattage and engine speed, as well as diagnostics for convenient dealer servicing.

GFCI Outlets: The EU7000iS features two GFCI 20 amp, 120 V duplex outlets, meeting ETL and NEC standards.

120/240V Selector switch - More usable power, more flexibility: Choose between using both 120 and 240 Volts, or 120 Volts only. This allows for the total generator output to be available through any of the 120 volt outlets, limited only by the capacity of the individual outlet. This enables you to power units with larger wattage requirements.

3 year residential and commercial warranty: You can rest easy, knowing your generator is covered from top to bottom for 3 full years.

Add more power by connecting two EU7000iS with optional parallel kit: Need more power? Add a second EU7000iS for additional power. Two identical models can be paralleled with an optional kit for up to 14000 watts of power.

5 Wheel kit standard: The EU7000iS is easy to maneuver and transport.

your- (value trade)

- Convenient push button electric start: Easy recoil starting is also available as a back up.
- Protected by Oil Alert®: Protects the generator by shutting the engine off when low oil is detected.
- Electronic circuit breakers: Protects the generator from being overloaded.
- Fuel gauge standard
- USDA-qualified spark arrestor/muffler

- Specifications
- Engine: Honda GX390 EFI
  - Displacement: 389cc
  - AC Output: 120/240V 7000W max. (58.3/29.1A) 5500W rated (45.8/22.9A)
  - Receptacles: 20A 125V GFCI Duplex (2), 30A 125V Locking Plug, 30A 125/250V Locking Plug
  - DC Output: N/A
  - Starting System: Recoil, electric
  - Fuel Tank Capacity: 5.1 gal.
  - Run Time per Tankful: 6.5 hrs.@ rated load, 18.0 hrs. @ 1/4 load
  - Dimensions (L x W x H): 33.4 in. x 27.6 in. x 28.4 in.
  - Noise Level: 58 dB(A) @ rated load, 52 dB(A) @ 1/4 load
  - Dry Weight: 261 lb.
  - Residential Warranty: 3 Years
  - Commercial Warranty: 3 Years

- Accessories
- Storage Cover
  - Transfer Switch
  - Parallel Kit

NOTES:

WARNING: This product can expose you to chemicals including soots, tars, and mineral oils, which are known to the State of California to cause cancer, and carbon monoxide, which is known to the State of California to cause birth defects or other reproductive harm.
